NEW! ARDUINO CLUB

The library is looking to start an Arduino Club. Participants will learn about micro-controllers, Arduino boards, how to use Arduino, and what can be done with it. This club is for ages 12 -adult, and can include a maximum of 6 people. The first four meetings will be held weekly, then transition to monthly meetings. Each meeting will last 1.5 hours. Dates and time to be determined. If you are interested in registering, please call the library at (315) 946-9262.

JOIN THE FRIENDS OF THE LYONS PUBLIC LIBRARY

Want to help the library with programming and special events? Join the Friends of the Lyons Public Library! We fund raise for library needs not covered by the library budget. When a library program needs materials, we provide the funds. When the library wants a speaker or presenter, we help with the cost. All library programs and events are free to the public, so we help out whenever we can. The Friends are always looking for volunteers to help us set up, tear down, or work our sales. Pick up a membership form at the desk and join us! Don't forget to ask a friend too!
